

4mm Flexible Safety Probes CATII 1000V

Order code: **17-3282** Red
Order code: **17-3267** Black

Typical Characteristics:

- Body material: Stainless steel and brass
- Insulation material: PA
- Rated voltage/current: CATII 1000V
- Contact resistance: $\geq 0.005\Omega$

Features:

- High reliability
- High stability
- Economical and practical
