-----------------	---

## ■ Description :

Winstar has enough IC inventory to fulfill future orders. We will continue to confirm the progress of the new IC with NEOTEC to ensure smooth transition from current to new ICs. More information will be provided after the test is completed.

Winstar appreciates your support and understanding. We will do our best to support you during the transition. If there is any further question, please feel free to contact us. Thank you!

Best regards,

  
WINSTAR Display Co., Ltd.
