

## Miniature In-Line Thermocouple Plug & Socket

Types K  
(IEC Colour Code)

- Miniature thermocouple plug with flat pins and socket to suit thermocouple type
- Ideal for general purpose use
- All contacts are polarised to ensure correct connection
- Connecters will accept thermocouple cable up to 4mm in diameter
- Available in Thermocouple type K
- For Type K, contacts are made from true Thermocouple alloys
- Colour coded in accordance with IEC specification
- Maximum continuous operating temperature 220°C

T/C Type	Colour Code (IEC)	+Positive Contact (alloy type)	-Negative Contact (alloy type)	Manufacturer's Part Number	Rapid Order Code
K	Green	+Nickel Chromium	-Nickel Alloy	XE-1105-001	61-3001
