PRODUCT DATA SHEET

Type Rustin's Decking Cleaner is based on a special blend of special chemical agents to remove dirt, algae, mildew and grease from decking surfaces. Intended Use Cleaning new and previously treated decks and exterior woodwork. Special Features Revives the original colour of the wood on faded decks Preparation Remove the loose dirt, grease, mildew and mould using a stiff garden brush. Shake well before use. Decking Cleaner can be applied with a watering can, by spray or brush. Leave for 10 mins. then the surface should be scrubbed with a stiff garden brush or broom. Rinse the with clean water using stiff brush, garden hose or power washer. Coats One application is usually sufficient. Prying Time 24 hours depending on temperature and humidity. Do not apply decking coatings to damp timber as this will affect the adhesion of the coating. Re-coating Time N/A Application Temp. Ideally 15-25 °C. Coverage About 20-24 sq. metres. per 4 Litres. Maintenance N/A Compatibility Suitable for use on all types of timber and varnished surfaces. Settlement SHAKE WELL BEFORE USE. Shelf-life/Storage Many years if stored in original, tightly closed container in normal cool, dry conditions. Keep reach out of children. Avoid contact with eyes and skin. A full Health & Safety Data Sheet is available on request or at www.rustins.co.uk Clean-Up Clean equipment in water.
