

PRODUCT DATA SHEET

EVERBUILD® P18 Gas Leak Detector

SPECIALLY FORMULATED TO IDENTIFY EVEN THE SMALLEST GAS LEAK

PRODUCT DESCRIPTION

EVERBUILD® P18 Gas Leak Detector is a specially formulated micro porous foam designed specifically to identify even the smallest gas leak. It is suitable for use with most gases and is compatible with paintwork, metals, wood and most plastics.

This product is designed to be used to trace costly and potentially dangerous gas leaks

USES

- Detecting leaks in pressurized pipe systems.
- Suitable for use with most gas types including natural and town gas, compressed air, butane, propane, acetylene, chlorine gas, hydrogen and oxygen.

CHARACTERISTICS / ADVANTAGES

- Suitable for most gas types.
- Fast and easy to apply.
- CFC free.
- Directional tube for hard-to-reach places.

PRODUCT INFORMATION

Packaging	400ml aerosol
Shelf Life	12 months from date of manufacture.
Storage Conditions	Store in cool (5°C - 25°C) dry conditions away from sources of ignition. Protect from freezing.

APPLICATION INSTRUCTIONS

APPLICATION METHOD / TOOLS

Shake can well before use and regularly during application. Always ensure the canister is at room temperature before applying.

Spray from a distance of 25-30cm onto the area to be tested. If a leak has been detected, bubbles will form in the applied film indicating the location of the leak.

LIMITATIONS

- Use only as directed
- Do not spray directly onto skin as freeze burns can occur
- Test compatibility with painted surface and rubber prior to application

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

Consult MSDS for full list of hazards.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
