EXAMPLE APPLICATIONS

Dental Clinics
Optical Laboratories
Chemical Laboratories
Medical Rooms
Jewellery Makers
Glassware & Crystal
Silver, Copper & Brass
Electrical Component Makers
Watch / Metal Part Makers
Shooting Clubs
Precision Parts
Special Education Institutes
Golf Clubs
Mobile Phone Service Shops
Printing Shops
Automotive Repair Shops

SPECIFICATION

Model Name:
ULTRA 8060

Timer Settings:
1 to 30 minute full range timer

Tank Size:
3.0L (MAX. fluid level 2.5L)

Tank Dimensions (LxWxH):
250 x 174 x 78mm

Ultrasonic Frequency:
36,000Hz

Power Supply:
150W (AC 220~240V 50/60Hz)

Unit Dimensions (LxWxH):
385x234x193mm

Weight (Unit only):
3.6kg (7.9lbs)

Weight (Gross):
9.5kg (21.0lbs)

ULTRA 8060

PROFESSIONAL ULTRASONIC CLEANER

ULTRASONIC CLEANING MADE SIMPLE *for professional use*

- Large 3L stainless steel tank
- 1-30 minute full range timer
- Built-in ceramic heater
- Cooling fan
- Degas function
- 150W cleaning power
- Drainage tap & hose
- Sealed electronics
- Quiet operation
- Inner basket
- Full CE and RoHS approval

Ultrasonic cleaners function by producing sound waves that are transmitted into the tank and cleaning solution. These waves create millions of microscopic bubbles, which collapse or 'implode', releasing large amounts of energy, which scrub the surface clean. This process is called 'Cavitation'.

These tiny bubbles create incredible cleaning results not only to the surface, but by penetrating the finer detail and recesses in jewellery and small items to restore them to their former glory.

The Ultra 8060 has just about every option and feature you could ever want from an ultrasonic cleaner; with the built-in heater, quiet operation technology, digital timer, powerful 150W Ultrasonics, degas function (degassing helps remove the oxygen from the fluid, making smaller bubbles which in turn means more powerful cleaning) and a built in drain tap. All you have to decide is whether the tank size is large enough for your needs?

We have an extensive range of Ultrasonic cleaners with tank sizes from 2L to 6L. Please visit our website for more information. www.jamesproducts.co.uk
