

TM-T3

Triple Channel Bench Timer

PRODUCT DESCRIPTION

A bench process timer with 1 count-up mode and 3 count-down modes. Easy to program with the ability to start each of the 3 count-down times individually or altogether. Each count-down channel has a distinct and different alarm on expiry of the programmed time. It is ideal for laboratories, education and industry. Clearly marked function buttons and a large Hi-Contrast LCD display make it easy to use.

- Hrs, min's or sec's
- 12hr or 24hr selectable mode
- 43mm LCD display
- Push button to select modes – clock, count-up or count-down mode
- 3 Count-down modes with sonic Alarm on expiry
- Count-down Channel 1 = Single beep Alarm
- Count-down Channel 2 = Two beep Alarm
- Count-down Channel 3 = Three beep Alarm
- Memory for count-down times
- Count-up mode until stopped
- Impact-resistant ABS case with flip-out desk stand and magnet
