Cleanroom Contamination Control Mats - Blue

Integrity® cleanroom contamination control mats are constructed from layers of film, coated with a tacky adhesive that effectively captures dirt and dust from foot-traffic and equipment wheels before they enter a controlled environment. When full, layers of the mat can be easily peeled off to reveal a new clean surface without cleaning.

The surface is not damaged by shoes, booties or cart wheels and have numbered corner tabs for easy tracking of remaining sheets. The mats are ideal for cleanrooms, laboratories and other clean environments.

- Blue cleanroom tacky mats
- Remove contamination and clean shoe soles
- Ideal for cleanrooms and pharmaceutical laboratory applications
- Numbered layers
- Available in a range of sizes
- High-tack adhesive
- Supplied in **packs of 8 mats each containing 30 sheets**

Cleaning Equipment

Stokoderm® Protect PURE 1L

Stokoderm® Protect PURE is a general skin protection cream giving protection against oil, grease, lubricants, detergents and varying types of light to moderate water and non-water based contaminants.

It contains Xanthan Gum which is a highly effective film-forming agent known to repel water-based substances from the skin, and Kaolin which sits in the skin pores to prevent them from becoming blocked by oil-based substances.

The cream is quick-drying and leaves a pleasant, non-tacky protective film on the skin to encourage regular use and not affect dexterity with hand held tools.

Non-tainting and with an HACCP assessed formula, the cream is suitable for use in food production and preparation areas. Its perfume-free formulation helps to reduce the potential for allergic reaction and skin irritation, making it ideal for people with sensitivity to fragrances.

- Food industry compatible
- Glove / PPE compatible
- Perfume-free
- Silicone-free
- Suitable for face
- Supplied in a **1 litre cartridge**
- **Deb Stoko type UPW1L**

Lime Medium-Heavy Duty Hand Wash

Deb Stoko Solopol® lime wash is a natural lotion, formulated to remove general workplace dirt and grime while having a fresh lime fragrance. It can be used in industrial environments to remove medium to heavy soiling and has an effective and fast action to remove a range of everyday ingrained industrial soiling. It contains a cornmeal scrubbing agent which is natural, non-abrasive and biodegradable, giving a deep clean without damaging the skin or harming the environment.

Its refreshing light lime fragrance makes the product pleasant to use and leaves the skin smelling fresh. It also contains a glycerin moisturiser to help improve skin hydration and prevent drying, leaving the skin feeling smooth and firm after use. Also included is a wheat germ oil skin conditioning agent with Vitamin E and essential fatty acids to help nourish and rejuvenate the skin.

- Perfumed
- Silicone-free
- Available in **2 and 4 litre cartridges**
- **Deb Stoko type LIM-LT series**

Type	Order code	1+
