

# YOUR CABLE ASSEMBLY SOLUTIONS

**Rapid**

helping you make it  
[www.rapidonline.com](http://www.rapidonline.com)

Rapid part of the **CONRAD** Group

Rapid offers a high-quality extensive range of cable and wire to suit all applications, from commodity products such as equipment wire and power and control cables to specialised audio and visual cables. We also offer a range of premium brand stocked solutions, high volume of our own cable brand Unistrand as well as access to further portfolio products.

## Cable & Wire

From coaxial connectors for high data-rate wireless RF, to mains/power connectors, terminal blocks, I/O, and plugs and sockets for media, sound and entertainment applications, we stock a comprehensive connector range for both domestic and commercial applications. Choose from our own brand TruConnect or from some of the leading industry brands TE Connectivity, JST, JYK and Molex.

## Connectors

Working with cable requires a range of specialist hand and power tools, as well as solder and soldering equipment. Rapid's range of cable and wire hand tools ensures that crimping, cutting and stripping takes place safely and efficiently, while heat guns are the power tool for cable management. You will find what you need in our range with products from some of the leading names in hand and power tools.

## Tools & Equipment

Live chat available at [www.rapidonline.com](http://www.rapidonline.com) • [sales@rapidonline.com](mailto:sales@rapidonline.com)

## Cable Accessories

Cable accessories are just as important to your cable run as the right kind of cable or wire. This could take the form of cable clips or cable ties for pure tidiness, or heat shrink, conduit and trunking for critical protection. Cable glands and bushings offer essential industry standard protection for the connection of cables to equipment. Choose from our own Unistrand brand or from some of the leading industry cable management brands.

## Stock Agreements

### Long term stock agreements

*Guarantee your stock, delivery dates and pricing for major projects*

If you need stock guaranteed for a project or manufacturing contract we can offer a range of flexible solutions or long term stock agreements\*. Forward, scheduled or call-off orders are available to credit account customers who are looking for greater control over their stock, pricing and shipments.

\* Our long term stock agreements are non-cancellable but we will always endeavour to help you with any challenges you have regarding changes in customer demand. Agreements can be renewed.

## Samples Available

We are happy to send you samples from our range of products that we hold in stock, subject to availability. Please note the sample request service is only for registered Rapid credit account holders.

If you would like to apply for a credit account, please visit:

# Why Choose Rapid?

Quality is at the heart of everything that we do; we are the proud holders of the following certifications:

- ISO 9001:2015 Quality Management System
- ISO 14001:2015 Environmental Management System
- ISO 45001:2018 Occupational Health and Safety Management System
- Customer Service Excellence™

This proves our commitment to running our entire business to the highest standards for the benefit of our customers, suppliers and staff.

Rapid take responsible procurement extremely seriously and has processes in place to ensure our obligations with RoHS, REACH, WEEE, Conflict Minerals Compliance and the Modern Slavery act.

## helping you make it

At Rapid we understand your pain points be they cost reduction, allocation issues, stock planning, utilising new technologies, or time pressures. We are here to assist you with all this and more. We want you to take advantage of our ability to source products, consolidate supply and help design-in products.

In order to achieve this please speak to us about these services:

- Long term stock agreements
- Kitting
- Enclosure modifications
- Re-reeling
- Cable assembly
- Cable cut to length
- Supplier visits
- Credit Accounts
