We bring STEAM to life

Welcome to the new Rapid Essentials catalogue.

When you need all the basics for school, academy and college life, but don't have a bottomless budget, Rapid can help.

We supply an extensive range of education essentials, from paper, pens and pencils to arts and crafts equipment, stationery, furniture and facilities products – all at excellent prices, many lower than you will find on the high street.

Why not make Rapid a staple of your education purchasing? To see the complete range of education products, and for up-to-date prices* and stock information, please visit:

www.rapidonline.com/education.

Unfortunately due to Covid-19 restrictions we are unable to offer our full range of post-purchase services, from CPD days to product workshops and teacher training sessions, but we have a comprehensive range of online teaching resources. These can be found at **www.rapidonline.com/steam-lab**.

Light Stitches
E-Textiles for Education

Flashing LED Pencil Case Project Kit

- A KS3 textile and electronics project that uses smart textiles and electronic components to create a flashing LED pencil case.
- The pencil case uses 2 flashing green LEDs for a visual display. The LED is activated when the metal zip is closed (Zip acts as a switch turning the LED ON/OFF).
- Includes all components and materials to make one flashing green LED pencil case
- Free downloadable instruction booklet includes all the printable resources needed for lessons
- Due to this NEW smart material (conductive thread) connections can now be produced by a simple knot or sewing around the LEDs (Lights)

CASIO

ClassWiz Fx-991EX Advanced Scientific Calculator

The Casio Fx-991EX, part of Casio's ClassWiz series, offers a new high-resolution LCD display with 192 x 63 pixels and a resolution that is four times higher than that of the familiar displays of the old FX-ES-plus series. In addition, the new ClassWiz series boasts new hardware with a faster processor and double the memory.

A spreadsheet function allows the user to perform basic spreadsheet calculations on a scientific calculator for the first time. In addition, results can be viewed on a smartphone or tablet thanks to the newly available QR code function.

- Advanced scientific calculator for post-16 mathematics
- Spreadsheet with cell referencing for modelling and iteration
- Numeric differentiation, integration and equation solving
- Binomial and Normal probability distributions
- Permitted for use in UK school examinations
- 552 functions
- Display: 'Natural Textbook Display', natural V.P.A.M.
- High-resolution LCD, 63 x 192 dots, 16/10 + 2 digits
- Power supply: solar plus battery (1x LR44)

D1 Standard Polyester Label Tapes

Created specifically for your DYMO LabelManager™ label maker, these standard polyester D1 labels offer the performance and variety you need for any indoor or outdoor labelling job, whether in your office, workshop, store or anywhere else you work.

All DYMO® D1 labels have an 'Easy Peel' back-slit for trouble-free application. The tapes produce long-lasting, high-quality labels that will last for many years.

- Tape length 7m
- Withstand water, oil, grease and most mild solvents
- Withstand temperatures from -18 to +90°C
- Can be removed without leaving adhesive residues
- Easy-peel backing
- UV resistant - no peeling or fading
- **DYMO D1 series**

DYMO LabelManager PnP Plug and Play USB Label Printer

The DYMO® LabelManager™ PnP is the answer to a host of your labelling challenges. As it is USB connectable, you can produce labels directly from your PC or Mac*, with no need for power cords or batteries.

The built-in software pops up on to your computer screen, ready-to-use, and you can print all the font styles and sizes available in Windows/Mac OS, as well as graphics from your computer. Editing your text and managing the layout of the label (borders, orientation, margins, etc.) has never been so easy. The DYMO LabelManager PnP's high printing speed and compatibility with a wide range of labels helps make your labelling even more professional!

- Connects via USB to your PC or Mac*
- No software or drivers to install - built-in software pops up on your computer screen, ready-to-use
- Customise your label with any fonts or graphics on your computer
- Special 'format break' function makes it simple to combine different labelling features on one label for a unique look
- Lithium-ion battery recharges via USB connection - no power adaptor or batteries needed
- Compact, streamlined design has minimal footprint
- Takes 6, 9 & 12mm DYMO D1 tapes
- Dimensions 135 x 142.4 x 53mm
- Weight 329g
- **DYMO LabelManager PnP**

*Compatible with Windows® XP, Windows Vista®, Windows® 7, Windows® 8, Mac OS® X 10.5 or later - Intel® only.

ANTEX

Craft Cut Master Heated Stencil Cutting Tool

With the Antex Cut Master, you can create stencils to decorate furniture, walls, floors, tiles, fabric, glass, cakes, etc. The tool is supplied complete with an angled stencil cutter tip.

You don't need to be a skilled artist to get excellent results. Simply trace a design or pattern with a pencil, then use the iron in the same way to produce intricate designs very quickly. The tool works purely by heat and not pressure, so there are no ragged edges, or tired fingers after trying to control a sharp knife. The precision cutting tip allows both simple and complicated cuts to be made easily to create beautiful designs.

- Create stencils to decorate furniture, walls, floors, tiles, fabric, glass, cakes, etc.
- Supplied complete with angled stencil cutter tip
- Available with either UK or Euro mains plug
- Replacement stencil cutting tips are available separately
- See order code **34-2689** for suitable blank stencil sheets

106E Automatic or Pedal Controlled Electric Stapler – 40 Sheets

The Rapid 106E is an industrial grade electrically operated stapler. It offers quick and silent stapling and meets the demands of industry for strength, operational reliability and flexibility.

The Rapid 106E is the perfect choice for stapling of both loose sheets and brochures, for example, in schools, printing works, industrial works and offices.

Thanks to its easily interchangeable insert staplers, the Rapid 106E can handle both flat and saddle stapling. Two or more staplers can be connected together to allow several operations to be carried out simultaneously. The Rapid 106E can staple up to 50 sheets (75gsm) in flat stapling mode and 20 sheets (75gsm) in saddle mode.

Free standard post and packing is available on the Rapid 106E electric stapler, or a Next Day Delivery Service is available for urgent requirements.

- 230 to 240V, 50Hz operation
- Staple depth variable up to 100mm
- Adjustable stapling depth and variable impact force
- Reliable operation, long service life
- Safe to use - stapling head guard and clearly visible, easy to access stapling zone
- Standard table allows single head flat stapling and single head saddling stapling
- User friendly - front-loading, Automatic or pedal controlled stapling
- Supplied with foot pedal as standard
- Two or more 106E staplers can be linked for simultaneous stapling
- Takes Rapid 66/6-8+ staples

• Rapid type 106E

PressLess 60 Sheet Half Strip Stapler S60

The Rapid S60 half-strip stapler brings you the heavy-duty power that you lack on your desk!

The S60 combines the power of Rapid's Omnipress™ technology with Rapid's patented SuperFlatClinch™ by-pass system for effortless and trouble-free flat-clinch stapling.

Flatter stapling reduces the document thickness. The S60 staples any quantity between 2 and 60 sheets needing only one staple type.

- Takes Rapid Superstrong 26/6+ and 24/6+ staples
- SuperFlatClinch™ by-pass system
- Rapid patented technology
- 40% reduced paper stacks due to flatter staples
- 2 to 60 sheet capacity using only 1 staple type
- PressLess™ lever technology
- Up to 50% less effort than standard
- Stapling depth 50mm
- **Rapid type S60**

Type	Order code	1+	
Bench hook	06-7992	2.93	080480

Polymer Blocks

This range of polymer printing blocks are safer and easier to carve than the traditional lino blocks. Unlike linoleum, the polymer blocks do not crumble or distort under printing pressure, and due to their more robust nature allow for the creation of large pieces. Sharp lines can be cut for high definition prints giving clean edges, and texture can be added with a variety of mediums. Available in a variety of sizes, all the printing blocks are approximately 3mm thick.

Lino printing is a simple process and as a result it is widely used in schools; it is a great way to introduce children to the art of printmaking.

- 3mm thick
- Available in a range of sizes
- Supplied in packs of 10

Sheets only. Tools and ink not included.

STEAM to life

DALER ROWNEY

System 3 Screen Printing Medium

Daler-Rowney System 3 Screen Printing Medium enables you to use your screen printing equipment again and again. The medium slows down the drying of acrylic colour on the screen and reduces the risk of screen blocking, making it easier to wash out with soap and water. The medium can be thinned with water.

System 3 acrylic colours retain density of colour even after mixing with medium and substantial covering power can be achieved on fabric, paper, card and board.

Air Drying Clay – Terracotta & Stone

Scola Air-Hardening Clay has all the qualities of traditional clay except that it doesn't require firing, making it ideal for younger and less experienced modellers.

Drying time will obviously vary according to the thickness and size of the model. Incomplete models can be kept workable under a damp cloth so that modelling can be spread over more than one session.

More advanced potters can also use this versatile and economical clay as it can be fired if required. Finished models can be coated in PVA glue and decorated with acrylic paint.

- A natural product, extracted locally in Staffordshire and Shropshire
- Available in **Stone** or **Terracotta** colour
- Dries in air
- No need for firing
- Nylon fibre reinforced
- Low shrinkage
- Can be decorated with almost any paint
- Can be coated with PVA or varnish for a glossy finish
- Dried pieces can be reconstituted by covering with a damp cloth overnight
- Wheat and gluten-free

Colour Clay Modelling and Animating Clay

Scola Colour Clay modelling clay stays soft and can be reused over and over again. It is a top quality stay-soft animators clay that never dries out and despite always being malleable, models will always retain their shape.

Due to its lower price, Scola Colour Clay is a great alternative to branded Plasticine™ and is ideal and safe for small hands. Colour Clay is available in a 3kg assorted colour pack and a range of individual colours in 500g packs.

- Permanently reworkable
- Does not dry out like water-based clay
- Can be used by children for making models large and small
- Ideal for the budding artist, sculptor and serious modellers

122117

Newclay Air-Drying Modelling Clay

Newclay Air-Hardening Clay has all the qualities of traditional clay except that it doesn't require firing, making it ideal for younger or less experienced modellers. However it's also perfect for adults as well, because it can be kiln-fired with exceptional results if desired.

Newclay is characterised by being non-sticky and has low shrinkage during drying. It is malleable and can be used with professional pottery tools. It air dries without the need for heating and, as it is nylon reinforced, it doesn't go brittle.

Drying times vary according to the thickness and size of the model. Incomplete models can be kept workable under a damp cloth so that modelling can be spread over more than one session. Finished models can be coated in PVA glue and decorated with acrylic paint.

- Colour: off-white/light grey - exact colour of clay supplied may vary
- Dries in air
- No need for firing but can be kiln fired if required
- Nylon fibre reinforced
- Low shrinkage
- Can be coated with PVA glue
- Can be decorated with acrylic paints once dry
- Please refer to the technical data sheet for more details
- Supplied in economical **packs of 12.5kg**

Air Drying Modelling Clay

A fine and even self-hardening modelling clay from DAS.

This air dry clay is one of the many respected products from the range of DAS craft materials. It dries hard to a durable matt finish that can be painted and varnished, and has a multitude of uses both for arts and crafts and around the home.

Das Air Dry Modelling Clay comes sealed in a foil package to keep it fresh and pliable and is available in terracotta or white.

- No baking required
- Easy to smooth
- Can be used with wood, cardboard and terracotta
- Poster paint and acrylic varnish can be applied for decoration
- Solid and strong when dry
- Drying time 24 hours per centimetre thickness
- PVC free
- Contains no softeners, only vegetable binders
- Available in white or terracotta
- Available in **packs of 500g or 1kg**

May contain silica.

Coloured Sand Shakers

Versatile, brightly coloured sand designed for arts and crafts use. The sand particles are characterised by excellent lightfastness, therefore the dye does not rub off onto hands as is common with lower quality coloured sands.

Ideal for collage, creating textured effects and due to its tactile nature is an ideal creative material for the visually-impaired. Used in conjunction with PVA glue/medium or mixed with ready mixed paint or acrylic paint to give interesting textured paint effects.

8 bright colours: red, green, yellow, blue, orange, purple, black and white.

- Good colour fastness to the sand particle
- Tactile properties
- Ideal for the visually-impaired
- Easily cleaned up
- Supplied as a pack of **8x 350g shakers**

Type	Order code	1+

Xenyx 5-Input Mixer with USB/Audio Interface 302USB

The **302USB** is a handy mixing console that is ideally suited to podcasting applications, portable recording such as reportage and small home studios. The mixer has a small footprint and has a set of carefully considered features that compete with larger, more expensive mixers. The mixing desk features a combination balanced XLR and ¼ TRS Mic In jack and also has a stereo USB/line input and a dedicated 2-track input that can be assigned to either main mix or phones. Output is via either USB or stereo Main Mix RCA's and a controllable, assignable phones out is provided.

This mixing console has a studio grade **Xenyx** mic preamp that gives an ultra-low noise signal that has excellent clarity and high headroom. The Mic and Line/USB channels also feature a 2-band 'British'-style EQ, giving a tone quality that is much sought after. Completing a great package is the ability to power the unit via either the included power supply or via USB, maximising the flexibility of the device - especially when used with a wireless laptop to go straight from the field to a broadcast or podcast. Additionally the mixer is supplied with free software to enable the **302USB** to be used straight away.

- Ultra-compact and ultra-low noise analog mixer with USB/Audio interface
- Powered through USB or external adaptor
- Built-in stereo USB/Audio interface to connect directly to your computer
- Free audio recording, editing and podcasting software plus 150 instrument/effect plug-ins and ultra-low latency driver downloadable
- State-of-the-art **Xenyx** Mic Preamp comparable to stand-alone boutique preamps
- Neo-classic 'British' 2-band graphic EQ for warm and musical sound
- 2-Track input assignable to Headphone or Main Mix output
- Main Mix plus separate Phones output

Gratnells

Callero Plus STEAM Activity Double Trolleys with Gratnells Trays

These double-width Callero Plus STEAM Activity Trolleys are the ideal, entry-level solution for school STEAM activities. Compatible with the full range of standard Gratnells trays, the trolleys can be configured to suit a whole range of STEAM activities.

Smaller trays with inserts are perfect for storing smaller parts and components whilst the larger trays are great for housing part-completed projects.

The metal top provides a stable working surface and the combination louvred side panels are compatible with industry standard mini-bins, hooks and clips for small parts and tool storage.

- **Wide range of bin colours**
- Ideal for STEAM activities
- Trays can be configured
- Metal top provides a stable working surface
- Combination louvred side panels are compatible with industry standard mini-bins, hooks and clips
- Ideal replacement for the Gratnells CDT Trolley
- Height 885mm (1055mm with handle)
- Width 690mm (excluding trays)
- Depth 435mm
- Supplied with 12x StopSafe runners, 8x F1 Shallow Trays, 4x F2 Deep Trays, Louvred side panels and MSACC fixing pack (5 single hooks, 5 double hooks, 12 bins)

MAKERHUB TROLLEYS WITH 2 MAGNETIC BOARDS & GRATNELLS TRAYS

These Gratnells MakerHubs are multi-functional resource trolleys that promote collaborative working in STEAM activities in the classroom.

The MakerHub Trolleys are double-sided making them ideal for group activities. A variety of Gratnells trays can be used in the MakerHubs thanks to the flexible runner system in the base storage unit. The trolleys can be secured in place with their two lockable castors.

The standard-sized boards (600 x 900mm) are instantly interchangeable - simply lift up and draw down to remove. Change between magnetic white-boards, chalk-boards and pin boards to suit your classroom activities and age group. For added security, all standard boards are held safely in place between steel guides at the top of the frame and special stoppers on the recessed shelf.

- **Wide range of tray colours**
- Ideal for use as a general Teacher Hub and for collaborative STEAM activities
- Flexible storage in the base unit
- Trays can face in either direction
- Interchangeable boards
- Steel frame, runners and trays are 100% recyclable
- Easy assembly
- Height 1430 x Width 685 x Depth 435mm
- Supplied with six runners, four Gratnells Deep Trays and two magnetic white-boards

Hands-Free Door Openers Polyamide 71 x 105 x 78mm

Everyone touches door handles. They are particularly affected by germs - especially in places with a lot of traffic.

These hands-free door openers simply and effectively reduce the transmission possibility of, for example, Covid-19 and influenza viruses in all areas, such as companies and public institutions.

These innovative handles allow you to open a door, fitted with a standard handle, by using your forearm, reducing the risk of direct hand contact with any viruses and bacteria present on the door handle.

The door openers have an ergonomic shape, are very easy to install and can be fitted to existing handles with diameters from 16 to 24mm as well as oval and angular shapes.

- Open a door using your forearm
- Reduce risk of direct hand contact with viruses and bacteria
- Valuable ally in the fight against COVID-19
- Ergonomic shape
- Easy to install
- Use with handle diameters from 16 to 24mm as well as oval and angular shapes
- Front made from tough glass-fibre reinforced polyamide plastic
- Stainless steel screws and nuts
- Tools required: 3mm hexagonal Allen key (not included)
- Dimensions: 105 x 71 x 78mm
- Available in a range of colours

L-Bow Handle – Hands Free Door Opener

The innovative L-bow handle allows you to open a door, fitted with a standard handle, by using your forearm, reducing the risk of direct hand contact with viruses and bacteria on the door handle. It could prove to be a valuable ally in the fight against COVID-19.

The door opener itself has an ergonomic shape, is very easy to install and can be used for handles with diameters from 19 to 22mm. To disinfect the door opener, simply wipe it with a cloth moistened with ethanol.

- Open a door using your forearm
- Reduce risk of direct hand contact with viruses and bacteria
- Valuable ally in the fight against COVID-19
- Ergonomic shape
- Easy to install
- Use with handle diameters from 19 to 22mm
- Disinfect with a cloth moistened with ethanol

Multi-Surface Decontamination Spray 400ml

Ambersil Multi-Surface Decontamination Spray is a versatile, industrial grade, extremely high alcohol content spray for decontaminating all hard surfaces.

It has been formulated specifically for use on high-traffic areas such as hand rails, door handles and all hard surfaces. Multi-Surface Decontamination Spray offers a ready-to-use solution that does not require mixing or decanting, especially useful off-site or when away from washroom facilities. The optimised spray pattern guarantees consistent results, evaporating quickly to leave a clean and residue-free surface.

- High alcohol multi-surface cleaner
- >90% alcohol for maximum effectiveness
- Cleans & decontaminates surfaces
- Excellent materials compatibility
- Optimised spray pattern for effective coverage
- Can be used to clean PPE
- Use on door handles, light switches and other high-use surfaces
- Decontaminate parcels and deliveries
- Ideal for shared workspaces: canteens (non-food surfaces), corridors, doors, & rest-rooms

GP Batteries

Alkaline AA and AAA Batteries
– Packs of 24 or 40

These batteries from GP are the ideal choice for devices such as digital cameras, audio players, toys and torches. They have been specially formulated to meet the increasing demands of today's new generation of power hungry devices and are both inexpensive and give plenty of power.

They offer higher energy capacity, better high and low temperature performance, and longer-term storage.

- For use with all high drain devices
- Long shelf life
- Positive terminal clearly marked
- Power rating 1.5V
- Available in two of the most popular sizes: AA and AAA
- Supplied in **packs of 24 or 40**
