Easter Bunny Pattern

Parts List:

Felt 87-6070 or 87-6014
Thread 06-1174
Buttons 06-0414
Filling 06-0440
Bondaweb 06-1146
Pom poms 06-0216 or 06-1312
Needles 06-1164
Pins 06-0307

Using the pattern pieces cut the following:

2 x bodies
2 x heads
4 x ears
4 x legs
4 x arms

Method:

Trace the muzzle and a pair of inner ears onto the bondaweb and trim. Iron the muzzle onto cream and the ears onto pink felt. Then iron onto the head and ear peices.

Using running stitch, sew around the edge of the muzzle and ears.

Sew 2 x buttons onto the head for eyes and one for the nose. Using grey thread sew the mouth and whiskers.

On one body panel, sew a tummy button and on the other a tail.

Stitch together the ears, arms and legs, leaving a gap at the top. Pad with filler.

Pin the front and back of the body together, with the legs and arms pinned between them. Sew round the body leaving a gap at the neck then pad out.

Pin the ears in place between the front and back of the head and sew round, leaving a gap at the bottom. Stuff the head.

Attach the head and body together.

Using the pink felt, cut a small scaft and tie round the neck.

With special thanks to Marion Wilson
of Rapid Electronics Ltd for her pattern design.
