# STRAIN RELIEF BUSHES

A range of nylon bushes used to protect and secure cables at panel entry/exit.  
Finished in black.

- \* These bushes are an easy and low cost way to insulate and protect your cables.
- \* They provide a non-slip grip and will not damage the insulation of the cable being clamped.
- \* The bushes are made from Nylon 6/6, and are self-extinguishing UL-94 flammable class : V2.

unit = mm
