

Piezo Button with LED Ring

MSW-22S10 LED ring Piezo series are made by stainless Steel plus a LED Ring, which create illumination for the visibility of the N.O. contact. MSW-22S10 series needed 22mm mounting hole, DC9-30V to trigger the LED ring and the output contact is DC 24V/300mA N.O. We provide 5 color for the LED ring: Red, Yellow, Green, Blue and White for customers to match with surrounding environments.

order number			2353909		2353908
LED Colour	Red	Yellow	Green	Blue	White
LED Power	DC 9~30V				
Mounting Hole	22mm				
Output Contact	DC 24V/300mA, dry contact (N.O.)				
Material Protection	Stainless Steel 304				
Class Operation	IP 68				
Temp. Operation	- 20°C ~ +70°C				
Life Length Of	5x10 cycles				
Leads Switch	300 mm (UL 1007 26 AWG)				
Resist. ON Switch	1 Ω max.				
Resist. OFF	10 M Ω min.				
Operating Force	2 to 4N
