

Always feel safe knowing your home is protected, inside and out.

With the Yale Pre Break-in Sensor, you can monitor the opening of any door and window in your home and most importantly, you will be alerted of any potential intrusions before they take place, thanks to vibration detection.

You will receive real-time alerts via the app whenever the alarm is activated or its status changes.

Slim profile, ideal for narrow spaces. Multiple installation methods so that you can pick the option that best suits your needs.

Horizon+Technology

Trusted every day
