## TECHNICAL DATA SHEET 1/2

KONTAKT LS

# KONTAKT LS

**The effective circuit board flush for electrical systems and devices**

### 1. GENERAL DESCRIPTION

Circuit board flushing liquid with mix of active ingredients for removing dirt from electrical systems, -devices, -motors and control cabinets. For quick and residue-free cleaning with high spray pressure.

### 2. FEATURES

- Special flushing liquid with high dissolving capacity for oil, grease and industrial deposits.
- High spray pressure thanks to the special gun spray head
- Large 500ML spray can with 95% active ingredient content
- Compatible with all common materials in electronics

### 3. APPLICATIONS

- For residue-free removal of dirt from control cabinets and electric motors.
- For quick cleaning and degreasing of circuit boards, cables, plugs, electronic components etc.

### 4. DIRECTIONS

- Spray the surface well, let it act briefly and rinse off loosened dirt or pick up with a cloth.
- Attachable dispensing brushes are available as a separate accessory.
- Soiled areas can be cleaned quickly and precisely.
- In the case of solvent-sensitive surfaces, check compatibility beforehand.
- Don't use on live devices. Allow to dry completely before restarting electrical devices.

A safety data sheet (SDS) according to EU directive 91/155/EEC and amendments is available for all CRC products.
