## Heat Shrink Butt Crimp Connector $\varnothing$ 0.2 ... 6 mm<sup>2</sup> Bulk-Set 50 pcs

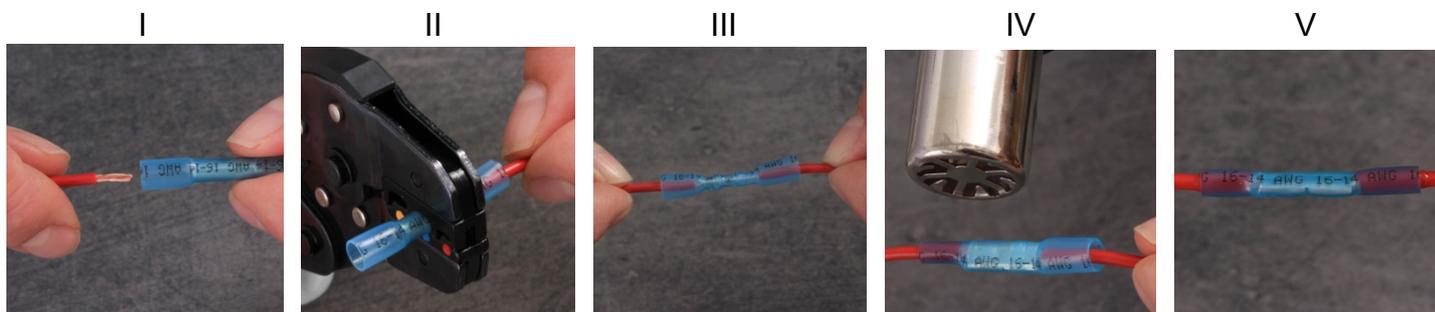

This bulk set is especially suitable for hobbyists, craftsmen, field service, service workshops, electronics technicians and laboratory needs. The hot-melt inner adhesive provides a waterproof seal when properly overlapped. Optimal for repairing or connecting cables and conductors (lawn mower tracer cables, signal cables, etc.), service, manufacturing or hobby.

Application is very simple: strip cable and insert on both sides until stripped cable ends overlap. Crimp with crimping pliers and then activate the heat shrink tubing in the respective temperature range - ideally with a heat gun. Waterproof, REACH and RoHS compliant.

**Technical data:** Shrink ratio: 3:1 • IP class: IP67 • Temp. range: -55 ... 125 °C • Shrink temp.: 80 ... 130 °C • Voltage resistance: 600 V.
