Business Model

KL-7400

A Business Label Printer for Use in Every Office and Industry
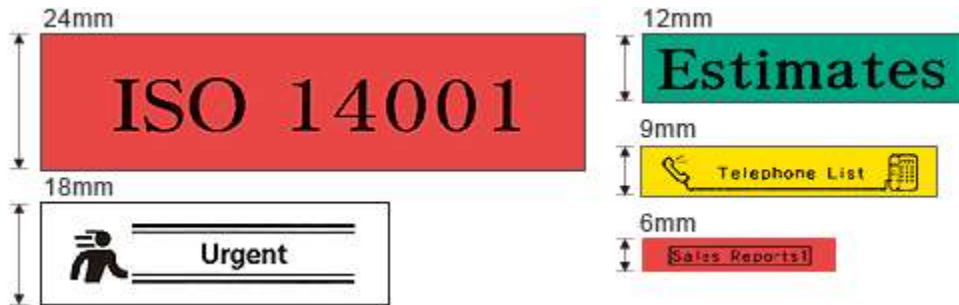

CASIO

Auto cutter with half-cut function.

A built-in auto cutter with half-cut function slits only the label for easy removal from the backing paper. This comes in handy when printing large numbers of labels or using the consecutive number printing function.

Easy-peel labels

DATA 1 DATA 2 DATA 3

The backing paper is not cut. — Slit
