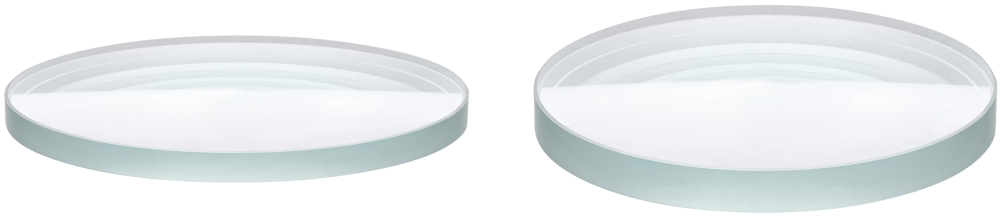
Glass Lenses - Double Concave

LabValue - Glass Lenses - Double Concave



- Highly polished, double concave lens
- Lens measures 2" (50mm) in diameter
- Diverging lens with a 100mm focal length
- Made of high quality, optically worked glass.
- Highly polished with ground edges
- This optically true lens is excellent for physics classroom demonstrations in optics and light refraction

Code	Specs	Pack Size
EPH0536H-CC	Dia 50mm, focal length 100mm	20
EPH0536I-CC	Dia 50mm, focal length 150mm	20
EPH0536L-CC	Dia 50mm, focal length 1000mm	20
EPH0536G-CC	Dia 50mm, focal length 50mm	20
