Glass Lenses - Double Convex

LabValue - Glass Lenses - Double Convex

- Highly polished, double convex lens
- Lens measures 2" (50mm) in diameter
- Converging lens with a 50mm focal length
- Made of high quality, optically worked glass.
- Highly polished with ground edges
- This optically true lens is excellent for physics classroom demonstrations in optics and light refraction

Code	Code	Pack Size
EPH0534G-CV	Dia 50mm, focal length 50mm	20
EPH0534H-CV	Dia 50mm, focal length 100mm	20
EPH0534I-CV	Dia 50mm, focal length 150mm	20
EPH0534J-CV	Dia 50mm, focal length 200mm	20
EPH0534L-CV	Dia 50mm, focal length 300mm	20
EPH0534L-CV1	Dia 50mm, focal length 500mm	20
EPH0534L-CV2	Dia 50mm, focal length 1000mm	20
