

## Product Name - Heater Immersion, Scientific, For Use with Metal Block Calorimeter, 12 Volts, 50 Watts

- Heater Immersion specifically designed for use with metal block calorimeter
- 12 volts, 50 watts
- Heat resisting insulation, terminating in 4mm sockets
- Total length of item is approximately 21.5 inches
- Battery measures 4 inches long, wires each measure 17.5 inches

Heater Immersion specifically designed for use with metal block calorimeter. Features heat resisting insulation, terminating in 4mm sockets.

## Manufacturers Code - PH0436

<b>Brand</b>	Eisco
<b>Weight</b>	90 gm
<b>Dimension</b>	2.5 x 7.6 x 20.3
<b>Country of Origin</b>	India
