| EAN/GTIN: | 4013288029614 | Dimension: | 100x60x10 mm |
| Part no.: | 05073344001 | Weight: | 22 g |
| Article no.: | 840/1 Z Set B SB | Country of origin: | CZ |
| | | Customs tariff number: | 82079030 |

- Suitable for hexagonal socket screws
- In a practical 3-piece set
- Ductile and tough for hard materials
- Hex-Plus allows socket head screws to live longer
- 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3

Bits for Hexagon Socket Screws

Tough viscous Wera bits for hexagon socket screws in a practical 3-piece set, for universal use. The Hex-Plus profile offers a greater contact surface in the head of the screw. The notching effect is therefore reduced to a minimum and damage to the screw head more or less eliminated. 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3.

Bits for Hexagon Socket Screws

Content:

840/1 Z Hex-Plus

05056320001 1 x 4.0x25

05056325001 1 x 5.0x25

05056330001 1 x 6.0x25

Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Tough-absorbing bits

Tough-absorbing Wera bits (Z) prevent any premature breakage of the drive tip.
