3855/1 TS SB PZ 3, PZ 3 x 25 mm

Bits for Pozidriv Screws

EAN/GTIN:	4013288112125	**Dimension:**	100x60x10 mm
Part no.:	05073615001	**Weight:**	10 g
Article no.:	3855/1 TS SB PZ 3	**Country of origin:**	CZ
		Customs tariff number:	82079030

- Solution to the extraneous rust problem: fasten stainless screws with stainless tools
- Suitable for Pozidriv
- Torsion design against premature wear
- 1/4" hexagon drive
- "Take it easy" Tool Finder: colour coding according to profile and size

High quality bits out of stainless steel for Pozidriv* screws. Wera stainless are made out of stainless steel which prevents the formation of unsightly extraneous rust. Come with Torsion zone: Torsion bits take-up torque peaks and absorb them in the Torsion zone. This prevents premature wear and extends the service life of the bit. ¼" hexagon, suitable for holders as per DIN ISO 1173-D 6.3. * Pozidriv = registered trademark of European Industrial Service Ltd.

Bits

The right bit for every screw and for every power tool connection. The right quality for every user. Thanks to the high-precision profile design and the outstanding concentricity properties, Wera bits provide for dependable working and offer great durability. Wera bits are designed for professional applications in industry as well as in the trade. They enable higher torque transfer and typically have a long service life. Material and manufacturing expertise, established over decades, combined with sophisticated hardening technologies form the foundation upon which our premium quality is based.

Screw stainless steel together with stainless steel!

Solution to the rust problem: screw stainless steel together with stainless steel! Wera stainless steel tools are manufactured out of stainless steel so unsightly rust can be avoided.

Stainless Steel Bits

Wera stainless steel bits are manufactured out of stainless steel so unsightly rust can be avoided. The stainless steel bits from Wera are vacuum ice-hardened and have the hardness and strength needed for screw connections. There are no limitations to the industrial applications they are suitable for.
