# ETK FAST-Straps

Easy Cable Management

## A new Product, easy and innovative

**FAST-Straps** is a Back-to-Back System with micro hook technology for attaching and organization of cables. It spares the material, is easy to remove and on delivery in B&W colours with different sizes and it's easy to use. There is no need in applying any tools & the unwilling injuring of cables remains in the past. This product is reusable and adjustable. Cables can be grouped and remain fastened, if they must be laid off again. The soft flexible surface protects all, that it bounds together. Perfect for optical fiber cables or network cables as well as for cables of all kinds, there is also no injury damage. Very inexpensive cable fastening for all branches:

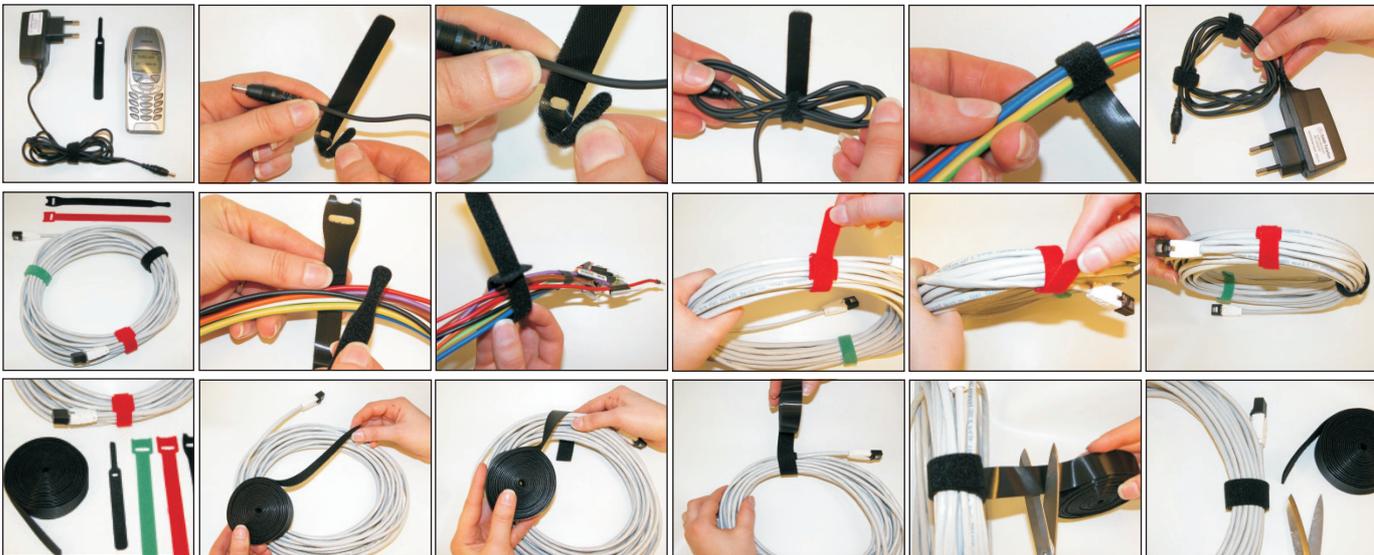

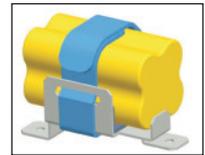

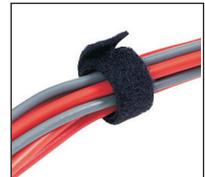

**FAST-Straps ..... in industry:** to bind the bunches of lighting cables and other sensitive materials, to organize the electric cables, to sure the installations etc.

**FAST-Straps ..... at the office:** to organize the cables of computers, fax devices, printers, Xeroxes, telephones and lamps as well as cables on the technical devices and protect the people from danger of accident.

**FAST-Straps ..... at home:** to organize your electric lines and cables of domestic appliances, to fasten utensils for garden and house keeping, to attach hoses, skis, tools and curtains.

**ETK FAST-Straps: Application samples with lots of appliance opportunities!**

ETK packaging: 100 pcs/bag
