

Heavy duty battery clips with wires entering the cover at either the side or the end. The hard moulded ABS cover makes the clip more durable and robust than similar flexible types. The clip is fitted with colour coded 150mm leads with stripped, tinned ends.

### Specification:

Order code	Part No.	Description	Wire	Material
18-3786	BS-IR-1	End entry	UL1007 AWG #26 150 MM, BLACK AND RED	ABS Resin
