

Red Bull Racing Screwdriver Set Kraftform Plus Lasertip + Rack, 7-piece

Red Bull Racing Tools

EAN/GTIN:	4013288185990	Dimension:	285x210x55 mm
Part no.:	05227700001	Weight:	786 g
Article no.:	334/350/355/7 Rack Red Bull Racing	Country of origin:	CZ
		Customs tariff number:	82054000

- Screwdrivers for slotted and cross-recess Phillips and Pozidriv screws
- Multi-component Kraftform handle for fast and ergonomic screwdriving
- Handle markings simplify finding and sorting of tools
- Hexagonal anti-roll feature against rolling away
- Lasertip tips for more secure fit in the screw head

Indispensable for all motor sport fans with demands on high quality tools: The Red Bull Racing Screwdriver Set – made by Wera. Kraftform screwdrivers: hard gripping zones for high working speeds, softer zones for high torque transfer. Come with Lasertips that literally bite into the head of the screw, prevent slipping and increase the torque transfer. The hexagonal non-roll feature prevents any annoying rolling away at the workplace. Handle identification markings make it easier to find and sort the tools. Including a practical rack for neat and tidy storage of the screwdrivers. Set of 7 screwdrivers.

Kraftform handle

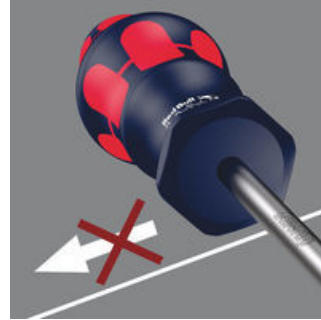

The multi-component Kraftform handle for quick and low-exertion working.

Rapid hand repositioning

The hard materials used for the handle ensure rapid hand repositioning without any danger of the skin "sticking" to the handle. The surrounding hard zones with large diameters glide like wheels across the hand.

Hexagonal anti-roll feature against rolling away

The hexagonal non-roll feature prevents any rolling away at the workplace.

Identification marking

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case or at the workplace.

Reduced contact pressure

Wera Lasertip reduces the contact pressure required and enhances force transfer – meaning less screwdriving effort is required. Screwdriving becomes safer and easier.
