#### **Bit-Checks Wood**

EAN/GTIN: 4013288179890 Dimension: 69x20x65 mm

Part no.: 05057422001 Weight: 107 g Article no.: Bit-Check 12 Wood 2 Country of origin: CZ

> **Customs tariff** 82079030

number:

• Upright positionable Bit-Checks convince due to their functionality in a minimum of space

- Particularly for wood applications
- Universal holder with stainless sleeve

Robust Bit-Check by Wera. Bit-Checks provide a quick overview of the tools available. Bits not needed are simply reinserted into the set and do not get lost. Simple transportation e.g. in the shirt pocket. Includes universal holder with strong permanent magnet for the take-up of bits with 1/4" hexagon head drive. Can be inserted in the power screwdriver or for use in the chuck of the electric drill. Multi-component Bit-Check that can be positioned upright for permanently secure bit storage.

## At the workplace

The Bit-Checks can be positioned upright at the workplace so the tool is always quickly to hand.

# Universal holder with stainless steel sleeve

The retaining ring and the strong permanent magnet ensure a particularly secure fitting of the bit in the holder.

# **Bit Ranges**

We have had bit ranges in our programme for many years now. In 2016, we put a question mark against everything and came up with a game changer. We wanted bit ranges with bits whose profiles and sizes could be more easily recognised. We wanted bit ranges that were as compact as possible and which were Wera-like at a first glance. We wanted bit ranges with bits that could be removed and reinserted more easily. We wanted bit ranges with as little weight as possible. The new multicomponent Bit-Checks satisfy these requirements; the soft material in the lower section of the Bit-Checks ensures that the bits are firmly held yet easy to remove.
