

Kraftform Kompakt Micro 11 Universal 1, 11 pieces

Series Kraftform Micro

EAN/GTIN:	4013288178343	Dimension:	155x100x35 mm
Part no.:	05135938001	Weight:	153 g
Article no.:	Kraftform Kompakt Micro 11 Universal 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Kraftform Micro bit holder for precision mechanical work
- Handle/Interchangeable blade system for rapid exchange of the blade
- Multi-component Kraftform Micro handle with anti-roll feature and swivel cap
- Suitable for take-up of bits with 4 mm halfmoon drive and bits with 4 mm HIOS drive
- Applications e.g. on smartphones, mobile phones, cameras, electronic equipment

Kraftform Kompakt Micro Set for precision mechanical applications; suitable for the take-up of bits with 4 mm halfmoon drive (Wera series 9) and bits with 4 mm HIOS drive (Wera series 21); handle/interchangeable blade system for rapid blade change; Kraftform Micro handle with twist cap and free-turning zone for rapid twisting, making any time-consuming repositioning of the fingers unnecessary; power zone with integrated soft zones for the transfer of higher tightening and loosening torque; precision zone directly above the blade for the right angle for adjustment work; comes with 10 bits for manual as well as power tool operations; rapid fixing of the bit: just push the bit into the insert for automatic locking and a secure fit. To change the bit, simply push the sleeve forward and remove; free-turning sleeve for simple guidance of the tool during the screwdriving process.

For Halfmoon and HIOS Bits

Applications e.g. on smartphones, mobile phones, cameras, electronic equipment

Features a combination bitholder for both bits with Halfmoon and bits with HIOS drive.

Kraftform Micro Handle

Multi-component screwdriver handle for ergonomic working.

The refined screwdriver for electronics technicians

The Kraftform Micro, with its three zones and their specific arrangement, satisfies these requirements perfectly. The free-turning cap that provides support for the hand works with these advantages, enabling quick and easy precision work.

Series Kraftform Micro

The precision zone

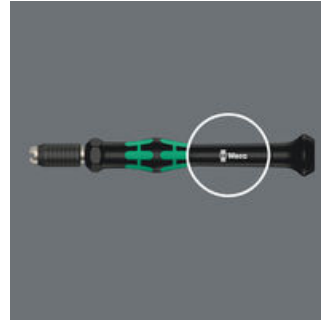

The precision zone directly above the blade gives the user a better feel for the right rotation angle during fine adjustment work.

The power zone

The power zone has integrated soft zones near the blade tip to ensure high torque transfer for loosening or tightening screws without losing contact with the screw.

The fast-turning zone

The fast-turning zone just below the rotating cap allows rapid twisting.
