

EAN:	4013288207128	Size:	245x100x35 mm
Part number:	05022689001	Weight:	380 g
Article number:	3967/9 TX SXL Multicolour HF Stainless 1	Country of origin:	CZ
		Customs tariff number:	82041100

- The holding function on the long arm keeps screws securely on the tool
- Extremely high corrosion protection thanks to ice-hardened stainless steel design
- Compact and easy to remove - stored in a 2-component plastic clip
- Handle-friendly hose jacket with tool finder „Take it easy“: Colour coding according to size

Set of high quality stainless steel L-keys for internal TORX® screws. Very corrosion-resistant due to ice-hardened stainless steel material of the L-key, avoiding the transmission of extraneous rust in stainless steel screw connections. With holding function on the long arm: The clamping force resulting from the surface pressure between the output tip and the screw profile holds the screws securely on the tool. With extra long arm for working in a low position. The grip-friendly hose jacket facilitates screwdriving even at low temperatures. "Take it easy" tool finder with colour coding by size. With a practical clip made of durable material for secure holding of the L-key while at the same time allowing easy removal.

Set contents:

3967 SXL HF TORX® Multicolour

05022680001	1 x TX 8 x 90 mm
05022681001	1 x TX 9 x 101 mm
05022682001	1 x TX 10 x 112 mm
05022683001	1 x TX 15 x 123 mm
05022684001	1 x TX 20 x 137 mm
05022685001	1 x TX 25 x 154 mm
05022686001	1 x TX 27 x 172 mm
05022687001	1 x TX 30 x 195 mm
05022688001	1 x TX 40 x 224 mm

Stainless L-keys

Stainless L-keys are hardened to the same strength as conventional (carbon) steel tools, and prevent extraenous rust forming.

With sleeve

L-keys with a thermoplastic sleeve are manufactured out of easy-to-grip, circular material. The sleeve ensures that work is safe and comfortable even at low temperatures. Colour coding and large stamp to enable the desired L-key to be easily located.

Holding function for recessed TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Acument Intellectual Properties specifications are securely held on the tool!

"Take it easy" tool finder system

"Take it easy" tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Secure hold and easy removal

The wear-resistant clip material ensures that the L-keys are securely held yet are easy to remove.
