

New Product – Key Facts

Product:

Bevel Edge Chisel with Striking Cap - MS500

- Solid one piece forging
- Fully hardened blade, sharpened and ready for use

Application:

ideal for all types of hard, demanding woodwork in the shop or on the building site.

Blade hardened and annealed for an edge that is slow to blunt yet easy to sharpen.

Solid one-piece forged blade ensures structural integrity.

Large, strong tang keeps the handle firmly attached.

Soft-touch friction grip for improved comfort.

Sharpened ready for use.

Blade hardened up to the last 25mm for a long working life.

Blade lacquered for rust protection.

Impact-resistant polypropylene core handle.

Striking cap for use with hammer.

1.70 ±0.01
