

Wera Advent calendar 2021

Code Nr.: 05 136602 001
EAN: 4013288214089

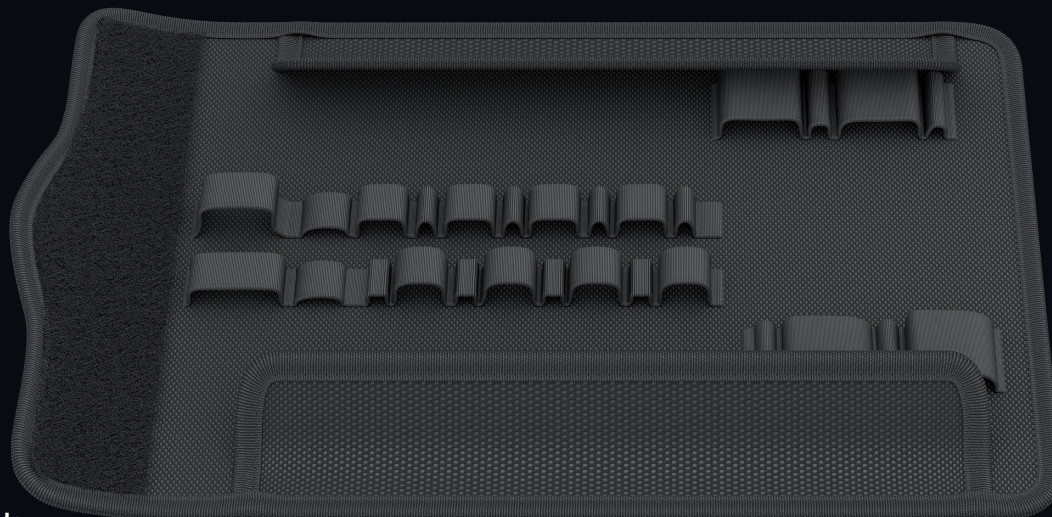

The Wera Advent calendar 2021 contains no fewer than 3 very special new products! The new magnetiser impresses with its attractive design. The 8/10 Joker double spanner completes many users' spanner collections. The mini bottle opener not only removes crown corks, but is also an eye-catching key chain.

In addition, 6 Bits-plus bit holders, 8 Micro screwdrivers and 3 screwdrivers and 1 VDE

screwdriver ensure a successful assortment that equips users very well for many common applications after Advent. The bits can be stored in the Bit-Check which is included and even fits in your pocket. All other tools can be stored and protected in the included textile box. The textile box has a look & loop fastener zone on the outside and can be attached to a wall or the Wera 2go tool transport system thanks to the hook and loop fastener strip that is also included - super easy and removable.
