For the Attention of: Product/Plant Safety Manager

**Safety Data Sheet(s) for your products**

Dear Customer,

The safety data sheet(s) identified at the end of this page are for products supplied to your company.

We are in the final stages of updating our SDS Authoring software. The SDS (s) may appear different from those you have previously received from Bostik. You might receive SDS(s) that you have received recently as we are starting new with our SDS distribution history, we apologize in advance if some temporary inconvenience should occur. Following the initial distribution you will receive new SDS, on first order of a product, if a new version issued, or if 1 year since product was last ordered.

Please replace old versions with the ones enclosed as these versions supersede all previous versions as due to the new system version numbering will be different than the previous documents.

Please let us know if you have a specific email address for the person who should first receive these documents in your organization, or ideally a generic email address for the department. Please email us at the following address, please also quote your customer number.

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

<b>General advice</b>	Show this safety data sheet to the doctor in attendance. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention.
<b>Inhalation</b>	Remove to fresh air. Get medical attention immediately if symptoms occur.
<b>Eye contact</b>	If eyelids are bonded closed or if skin to skin or skin to clothing bonding has occurred, release bonding by covering affected area with a pad wetted with warm water. Do not force eyes or any bonded skin apart. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention. Consult an ophthalmologist. Do not rub affected area.
<b>Skin contact</b>	If eyelids are bonded closed or if skin to skin or skin to clothing bonding has occurred, release bonding by covering affected area with a pad wetted with warm water. Do not force eyes or any bonded skin apart. If irritation persists or eye and/or skin remains bonded: Get medical advice/attention. Wash off immediately with soap and plenty of water for at least 15 minutes. Allow acetone or warm water to penetrate the bond and gently attempt to move bonded areas without pulling the skin away from bonded area. Do not remove clothing if adhering to skin. Polymerises with evolution of heat.
<b>Ingestion</b>	Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Clean mouth with water. Drink 1 or 2 glasses of water. Call a doctor or poison control centre immediately.
<b>Self-protection of the first aider</b>	Avoid contact with skin, eyes or clothing. Wear personal protective clothing (see section 8).
