

250ML PERISTALTIC HAND PUMP (97001)

PRODUCT DESCRIPTION

The LOCTITE® 250 ml. Bottle Hand Pump is a portable, precision, bottle-top applicator that threads firmly onto any 250ml anaerobic bottle. The unit will dispense single shots of Loctite® anaerobic Threadlockers and Retaining Compounds from 0.01 to 0.4 ml with viscosities up to 30,000 Cp. These units require no flushing, power or air source. It is designed to dispense at any angle without leaks or product waste.

PRODUCT FEATURES

- Adjustable positive displacement of product dispensing from .01 ml. - 0.4 ml.
- Applicator designed to fit comfortably in the user's hand.
- Easy to install and remove.
- Will not leak at any application angle.
- Internal bottle feed tube is supplied to fit perfectly with 250ml bottles to minimise waste
- Turns a 250ml bottle into a precise portable dispenser.
