

Norman is a real person and is our expert head of Quality Assurance. Norman appears here to bring to your attention features, technical or quality issues.

More importantly the reasons why, on occasions, it's worth paying a little more for a product that may look similar to a cheaper alternative but is much better.

norman says

"NO-VOLT" RELEASE SWITCH

This machine has a "No Volt" release switch. That is, if the power fails or is switched off at the mains the machine switches off too... no nasty surprises when the power comes back on! Safety is our prime concern.
